A NOTE FROM THE PRESIDENT

I can honestly say there have been many times in my life when I needed help taking the next step in the right direction. At times, I didn't know what the right step was. At other times, I just didn't know how to move forward. Thankfully, I have had people around me who helped me. That's why I started SCRC. I wanted to be the person who stepped into someone's life at just the right time to help take that step forward. At SCRC, we believe that everyone needs a little help from time to time. Our goal is to help individuals and families with very specific needs so that they can continue moving forward in life. I encourage you to partner with us or continue to partner with us to be that person in someone's life.
